

# GSMT Science Working Group Meeting

## April 28 – 29, 2003

### Goals:

1. Review the written science cases and provide feedback which will result in revised text no later than 10 May.
2. Review a draft recommendation to the NSF urging support of a technology development program for ELTs. Reach consensus on the key points.
3. Discuss next steps for the GSMT SWG

### Agenda
